

## Salon Couture ...Distinguish yourself from the competition

An exclusive, personal design and construction service to deliver detailed, creative and original concepts for your Beauty Salon, College or Spa.

Based on the brief you give and focusing on function as well as style, our designers will look to find the most practical and cost effective solutions to maximise your budget.

To be sure that the designs are right for you we can produce detailed, coloured artist impressions accompanied with sample materials, to give an accurate picture of how the finished project will look.

You can rely on the design team and craftsmen to build and achieve a contemporary modern image that will distinguish your business from the competition.

From inception to completion we have the craftsmen to design, manufacture and fit your perfect salon.

Making significant changes to your workplace demands detailed consideration. You may not need the full works, you may simply require a space restyling.
